

parent partnershipSM

Being a parent is especially challenging in today's world.

Join with other parents in a friendly and caring atmosphere to...

- find support if you aren't sure if your child's drinking or drug use is typical experimentation, or something you may need to address;
- connect with other parents whose children have either struggled with substance use or addiction, or are currently in recovery;
- become informed, empowered and find resources and outside help when needed; or
- continue the "Conversation" after attending Be a Part of the Conversation events.

Come once, once in a while, or as often as you like.

We are not professionals – we are simply parents helping parents.

There is no charge to attend. Meetings are friendly and confidential.

For more information call Kim Rubenstein, CRS, at 215-416-5604 or visit www.conversation.zone.
