**The Family Group is primarily for those who know or have known a feeling of desperation concerning the addiction problem of someone very near to you. We have traveled that unhappy road too, and found the answer with serenity and peace of mind. You will learn that you are not alone in the problems you face, and that you have choices that lead to greater peace of mind whether the addict is using or not.**

**When you come into the Family Group, you are among true friends who understand your problem, as few others could. We respect your confidence and anonymity as we know you will respect ours. We hope to give you the assurance that no situation is too difficult and no unhappiness is too great to be over-**
